It can be extended by the Ministry in case it is required.

2) EVALUATION OF THE BID PROPOSALS:

The applications to the Ministry shall be evaluated as a matter of financial efficiency and experiences in the sector within the context of Tourism Incentive Law No.2634, as amended by the Law No. 4957 and of the sentences of the *"Regulations for Public Immovable Allocation for Tourism Investments"* and of the subjects determined in this specification.

A negotiation for a direct contribution of investors to social and technical infrastructure shall be held in between the qualified investors for the parcels having several applications. The regulations and procedures for the negotiation are identified by the Land Allocation Commission and notified to the investors. The "Definite Letter of Guarantee Unlimited in Time" (ANNEX-6) (according to the regulations and procedures for the negotiation) with a total amount of the first proposed contribution and a "Letter of Commitment", approved by the notary public, concerning the acceptance of these rules and procedures shall be submitted to the Ministry by the investors at the negotiation phase.

After the negotiation, the letter of guarantee submitted by the entrepreneur offered the highest contribution for the social and technical to the Ministry in order to participate the negotiation shall be

submitted to the relevant accounting unit by the Ministry. Moreover it is required that the investor shall submit a definite letter of guarantee unlimited in time - for the difference between his proposal at the beginning of the negotiation and the one at the end of the negotiation- to the relevant accounting unit within thirty days and the delivery receipt of it shall be submitted to the Ministry.

The investor shall be qualified for the preliminary permit by the Land Allocation Commission and all the definite letter of guarantee unlimited in time of the other investors shall be returned. The definite letter of guarantee unlimited in time shall be delivered by hand.

If the investor, giving the highest offer, gives up his commitment or does not submit additional letter of guarantee due to the causes except for compulsory or public-oriented ones, the letter of guarantee taken in the application and the letter of guarantee in order to join the negotiation shall be converted to cash and foreclosed to the treasury.

At this point, the Ministry offers to the investor - who proposed the second highest contribution for the social and technical infrastructure - to submit the definite letter of guarantee unlimited in time with the amount offered for social and technical infrastructure at the end of the negotiation and the definite letter of guarantee unlimited in time at an amount of 5% of total investment cost to be determined according to the unit costs of that year to the relevant accounting unit within thirty days following written notification date. In addition the investor shall submit the delivery receipts of these to the Ministry. After these liabilities are met, the preliminary permit can be given to the investor by the Land Allocation Commission.

If the investor who proposed second highest contribution for social and technical infrastructure does not accept the offer of the Ministry, the immovable for the allocation shall be offered to the other investors in order, in case of accepting the contribution amount proposed by the investor proposing second highest contribution amount.

It is requested from the investor who granted for the preliminary permit, to pay a contribution for social and technical infrastructure as cash to the account number of *DÖSİMM (Döner Sermaye İşletmesi Merkez Müdürlüğü)* in thirty (30) days. If it is paid, the letters of guarantee taken at the application phase shall be return to the investor. If the amount is not paid in due time, the preliminary permit shall be cancelled by the Ministry. The letters of guarantee for the preliminary permit and the one for the negotiation shall be converted to the cash and foreclosed to the treasury.

The parcels with only one application shall be evaluated and concluded by the Land Allocation Commission. In this situation, a direct contribution of the investor (determined by the commission) could be requested for social and technical infrastructure according to the properties of the project and the qualities of the region in which the investment to be operated.

At the end of the evaluation of the applications, the Ministry is free with regard to whether the allocation of the immovable in this Specification is realized or not.

In the event non-allocation of the parcels applied by the investors, the Land Allocation Commission can recommend one or more parcels of the lots announced for the allocation according to the investors who will have assistance for the development of the tourism.
